"Because I Came to YOR..."

"Coming to YOR has helped me to..."

OUTCOME TRENDS

Increased Social-Emotional Skills

- Based on survey responses, YOR is having a positive impact on social-emotional skills of students and results demonstrate relatively consistent findings from the previous year(80-94%)
- Listening to other people, staying out of trouble, caring more about/feeling more comfortable with people of other cultures, races or ethnic groups witnessed increases of 3-4%

Increased Resiliency

- Solid trends from the previous two years (89-92%) 92% of students agree coming to YOR has helped them feel better about themselves and 90% agree that they feel better about their futures

Increased Academic Success and Achievement

- Consistent findings (84-92%) from the previous year with an increase (4%) in students doing better in school and a decrease in student's interest in school (4%)

Increased Post-Secondary and Career Readiness

- Most significant decrease of any area but positive responses remain high (78-91%) 8% decrease in students having a better understanding of how to build and/or sustain a career in the creative industries 6% decrease in students indicating that they feel strongly that youth like me can be artists

Increased Economic Stability

Steady increase across all areas (90-91%) Over 90% of all respondents agree that they are more aware of what education is necessary for different career paths, more aware of what careers might interest them and more confident in their ability to find a job.

WHAT DO YOU LIKE BEST ABOUT COMING TO YOUTH ON RECORD?

"Being able to talk about important things happening in the world."

"I love how inclusive they are with everybody and make youth feel as if their voices are being heard."

"I like learning new things about how to make music and make something that I truly can be proud of."

"I like feeling like part of a community."

IF YOU COULD CHANGE 1 THING AT YOR, WHAT WOULD IT BE?

Most students (57%) said they wouldn't change a thing about YOR

"Remaining trends highlighted that students want more of YOR: increased class time, ability to engage, learning around YOR topics and more in person opportunities."
