Interns will receive technical training, professional development, and the chance to produce original audio pieces featured on the award-winning podcast, [Youth on Rewind](#).*

The internship includes 6 hours per week of in-studio work at Youth on Record and 2-4 hours per week of asynchronous work. Interns will be expected to meet regular deadlines for their projects and participate in workshops and seminars at our Youth Media Studio (and virtually as needed). Upon completing this internship, interns will have a portfolio of original audio recordings and the skills to produce original pieces.
